

AF841: 4 Bedroom Cortijo for Sale in Albox, Almería

85,000€ ≈£71,715

Casa Cueva Mojon - A country house in the Albox area. (Partially Reformed)

Reduced and still open to sensible offers!!

Located just off the rambla this property is a large house with some cave rooms that have been renovated (158m²) and an additional part which needs to be renovated (174m²). The house has been empty for a couple of years so the main part of the house requires some TLC as well, but with little cost could be brought back to its former condition.

A concrete driveway leads to a flat area of land to the front of the house which provides a good parking space in the shade of a large carob tree.

The main door opens into a wide hallway with the stairs to the first floor on the right. The hallway gives access to the mid section of the house (non cave) and is comprised of a large room divided mid way by a central fireplace, the first part of this room has been used as a dining room and the second as the small lounge/snug. A door leads from the dining room to the kitchen. This is fitted with an Andalusian style kitchen with marble work surfaces, gas hob, electric oven, washing machine, fridge, gas water heater and double sink. Patio doors lead from here to a patio area to the front of the house overlooking the rambla.

From the lounge a door takes us to the family bathroom which comprises full size bath with shower over, WC and basin. A further door in the lounge opens into two adjoining cave rooms which could be used as bedrooms, the first room being a good size with ample space for a double bed, wardrobe and chest of drawers.
