90,000€ ≈£78,656

Cortijo Tres - A country house in the Seron area. (Renovated)

This is a great opportunity to purchase a property which is split into three self-contained units situated in the lovely village of La Juaca Alta and only five minutes drive from the village of La Hijate where all basic amenities for day to day living can be found.

The property is split into two dwellings.

Firstly the separate cottage is a traditional style cortijo with a patio to the front and is planted with pretty trees. The house is single storey with an original wooden front entrance door opening into a kitchen with cupboards, sink, washing machine, freestanding gas, cooker, fridge freezer.

A door opens through to a good size lounge/diner with a corner feature tiled wall with a wood burner standing on a tiled hearth. Another door leads from the lounge into the store cupboard which has been shelved and houses the electric water heater. A door from the kitchen opens to a good sized double bedroom with ensuite shower room comprising a shower, pedestal wash hand basin and WC.

Traditional wooden doors lead from the living room out to the large, level rear garden with three store rooms. At the side of the property there is an additional large paved patio and seating area with views out towards the hills and looking over the main house.
